OPTOMETRIC PHYSICIANS

Welcome to Vision Source Eyecenter

Thank you for choosing our practice for your eye care needs! Vision Source Eyecenter has been serving our patients and the community for over 60 years. Our commitment is to provide you with the best vision possible and safeguard the health of your eyes using the best and most up to date optometric technology, testing, and treatment.

We believe personalized, professional and friendly care is what people expect from their eye doctor. Our optometric care starts from first contact and ends when you leave our office knowing you have the best information to make informed decisions about your eye care needs, glasses, contact lenses, and the treatment of eye conditions and diseases.

Please bring the following with you:

Insurance Cards: Both Vision and Medical

Health History Form: You will find our history form on our website (eyecenterdoctors.com). Please print the form and fill it out at your convenience. If you are unable to do so, please arrive 15 minutes earlier to your scheduled appointment to allow enough time to fill out the form.

Contact Lenses: Including solution, case, current prescription or boxes.

Glasses: Current pair and sunglasses. (Even if you are a contact lens wearer)

Eye Drops: Both occasionally and regularly used.

List of Medications and Supplements

Our Optometric Physicians take pride in providing comprehensive vision and eye health examinations. This includes the diagnosis and treatment of vision disorders and eye diseases, the prescribing of medications, corrective lenses and contact lenses as well as cataract and LASIK surgery pre & post-operative care.

Thanks for choosing Vision Source Eyecenter. We look forward to assisting you with all of your eye care needs!
